✦ ABOUT THE BAND

BIO

Different musicians, varied influences, one orbit.

Constellation Blue is an R&B, neo-soul, and groove band from Oklahoma City. Led by three vocalists and featuring a full horn section, the flexibly sized group draws on six decades of soul — from Motown and Memphis through the neo-soul era to today's voices — playing the songs everyone knows alongside the deeper cuts worth rediscovering.

The band is young, but its musicians are seasoned — a mix that makes for shows built for dancing from the first note. Different musicians, varied influences, one orbit: that's the idea behind the name, and it's exactly what Constellation Blue delivers on stage, from clubs and festivals to private events.

“

PROFESSIONAL, ENGAGING, AND INCREDIBLY EASY TO WORK WITH.

“Constellation Blue was an outstanding addition to our staff Christmas celebration at Heartland Middle School. From start to finish, they were professional, engaging, and incredibly easy to work with. Their energy was contagious, and they knew exactly how to connect with the crowd and create a fun, memorable atmosphere. Our staff had a wonderful time, and the band’s musicianship, personality, and stage presence made the evening truly special. I would highly recommend Constellation Blue to anyone looking for a professional group that brings great music, great energy, and an unforgettable experience.”
